By-Pass Flow Through Humidifier
HE240
By-Pass Flow Through Humidifier HE240
INCREASING COMFORT WHILE PROTECTING THE HOME

KEY FEATURES:
• Replenishes moisture throughout the home to make it more comfortable
• For homes up to 1,500 to 3,000 sq ft.
  - Typical homes (more than 20 years old): Up to 1,500 sq ft.*
  - Newer homes (less than 20 years old): Up to 3,000 sq ft.*
• Installation kit included
  - Easier installation with fewer duct connections, less wiring and an online installation video
  - Flow-sensing pressure switch and shut-off damper now integrated into product, easing the installation process for homeowners
• Packaging and product design enhance the look on shelf and simplify purchase decision for consumer
• Utilizes home’s HVAC system for whole-home humidity distribution
• Easy mounting on either warm air supply or return air duct of forced-air furnaces
• Less maintenance and cleaning than portable units
• Protects wood floors and furnishings from drying and cracking
• Reduces static electricity
• Saves money and energy – because the improved humidity makes for a more comfortable home, the thermostat can be turned down a few degrees
• Easy-to-use humidity control included
• PerfectFLO® water distribution tray optimizes efficiency and water usage
